I was glad

Conductor: Jeremy Backhouse

Organist: George Castle

You're invited to share an evening of musical delights - exactly as our Victorian families might have performed in their parlours! You'll be treated to oratorio choruses, part-songs from Elgar and Gilbert & Sullivan, and madrigals including Orlando Gibbons' *The Silver Swan*. All that, plus solos, piano duets and the hugely popular *Albert and the Lion* poems. Join us in the comfortable, modern theatre at St. Catherine's School, Bramley, for a light-hearted evening that's bound to make you smile!

Thank you for choosing to support Cherry Trees!

Caring for a child with a complex disability can be emotionally and physically exhausting. Without the provision of short break respite, these families are at greater risk of reaching crisis point.

Cherry Trees provides this support. Last year, we provided this lifeline to 75 families across Surrey with 1,512 sleepovers and 603 tea or day visits. We also ran children activity days, wellbeing evenings and provided vital support through our bursary and welfare funds.

Providing this lifeline costs £1.3m a year. This is part funded by the local authority but costs, on average, an additional £4.25 per hour of care.

We simply couldn't provide our vital support without your help – thank you!
